University of Illinois, Urbana-Champaign
BFA in Graphic Design &
BFA in Painting

work experience

Clean Coders

UX DESIGNER, FRONT-END DEVELOPER, ILLUSTRATOR, VIDEO EDITOR | 2020-PRESENT

In addition to handling user experience design, front-end development, and illustration for client projects at this software consulting firm, I redesigned their website and edited training videos for their Youtube channel.

Ad Atra

DESIGNER & ILLUSTRATOR | 2020-PRESENT

Ad Atra is the brand collecting my self-published games, available as print-and-play downloads, for which I create all assets—design, illustration, & more.

Phlint

UX DESIGNER, FRONT-END DEVELOPER, ILLUSTRATOR, PROJECT MANAGER | 2018-2020

As a partner for this consulting firm, I acted as designer, illustrator, and front-end developer as usual, and added project management responsibilities: acting as product owner for a small team of developers on software projects.

Centriq

UX DESIGNER, FRONT-END DEVELOPER, ILLUSTRATOR | 2016-2018

I designed version 2.0 of Centriq's mobile app, designed and wrote the front end code for their admin web app, and executed Version 3.0 of their mobile app design (initiated by an external consulting firm).

Airworthy

UX DESIGNER, FRONT-END DEVELOPER, ILLUSTRATOR, ETC | 2014-2015

As a co-founder of this company of a logbook app for pilots, I designed both the web and mobile apps for the product, the brand's identity and marketing, and illustrated a blog and a trade show booth.

8th Light, Inc.

UX DESIGNER, FRONT-END DEVELOPER, ILLUSTRATOR | 2011-2014

I worked on many projects at this consulting company, on teams small and large, and in codebases of many languages. I also redesigned the company's website and illustrated contributors' blog posts.
